This memorandum transmits the final report of the closeout audit of the fund accountability statement of Augusta Victoria Hospital, Anti-microbial Stewardship Initiative, cooperative agreement AID-294-A-17-00005, from September 8, 2017, to January 31, 2019. USAID/ West Bank and Gaza contracted with the independent certified public accounting firm Ernst & Young to conduct the audit. The audit firm stated that it performed its audit in accordance with the U.S. Government Auditing Standards issued by the Comptroller General of the United States. However, it did not have an external quality control review program that fully satisfies the standards' requirements. The audit firm explained that West bank and Gaza does not offer such a review program. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on the auditee's fund accountability statement; the effectiveness of its internal control; or its compliance with the award, laws, and regulations¹.

The audit objectives were mainly to: (1) express an opinion on whether the fund accountability statement for the period audited was presented fairly, in all material respects; (2) evaluate the auditee's internal controls; and (3) determine whether the auditee complied with the award terms and applicable laws and regulations, including testing the auditee's compliance with executive order 13224 – Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to

The auditors expressed an unmodified opinion on the fund accountability statement and did not identify any questioned costs. The audit firm did not identify any material weaknesses in internal control, or any material instances of noncompliance with the agreement terms, conditions and applicable laws and regulations. The auditors also did not identify any material instances of noncompliance with Executive Order 13224. Although we are not making a recommendation for the significant deficiency noted in the report, we suggest that USAID/West Bank and Gaza determine if the recipient addressed the issue noted before it considers other awards to Augusta Victoria Hospital.
