

MEMORANDUM

DATE: October 21, 2020

TO: USAID/West Africa, Regional Director, Daniel Moore

FROM: USAID OIG Africa Regional Office, Assistant Director, Matthew Rathgeber /s/

SUBJECT: Financial Audit of USAID Resources Managed by West Africa Health Organization in Multiple Countries Under Cooperative Agreement AID-624-A-15-00001, January 1 to December 31, 2019 (Report No. 4-624-21-003-R)

This memorandum transmits the final audit report on USAID resources managed by West Africa Health Organization (WAHO) for the Leadership Capacity Strengthening (CAPS) Project. WAHO contracted with the independent certified public accounting firm PricewaterhouseCoopers (PwC), Accra, Ghana, to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards (GAGAS). However, it did not have continuing professional education and an external peer review that fully satisfied the requirements of GAGAS. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on WAHO's fund accountability statement; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.¹

The audit objectives were to (1) express an opinion on whether the fund accountability statement for the period audited, was presented fairly, in all material respects; (2) evaluate WAHO's internal controls; (3) determine whether WAHO complied with award terms and applicable laws; (4) review the indirect cost rate; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives, PwC (1) audited the fund accountability statement for the award including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by WAHO as incurred from January 1 to December 31, 2019; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to WAHO's ability to report financial data consistent with the assertions embodied in each account of the fund accountability

¹ We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

statement; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the fund accountability statement; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. WAHO reported expenditures of \$904,364 in USAID funds during the audited period.

The audit firm concluded the fund accountability statement presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm identified \$9,003 in total ineligible questioned costs, no material weaknesses in internal control and no instances of material noncompliance. Since the questioned costs did not meet the OIG's established threshold of \$25,000 for making a recommendation, we are not making a recommendation. Nevertheless, we suggest that USAID/West Africa determine the allowability of the \$9,003 in questioned costs and recover any amount determined to be unallowable. In addition, although we are not making a recommendation for significant deficiencies noted in the report, we suggest that USAID/West Africa determine if the recipient addressed the issues noted. The audit firm issued a management letter.

During our desk review, we noted several minor issues which the audit firm will need to address in future audit reports. We presented these issues in a memo to controller, dated October 21, 2020.

Accordingly, we are not making any recommendation.

OIG does not routinely distribute independent public accounting reports beyond the immediate addressees because a high percentage of these reports contain information restricted from release under the Trade Secrets Act, 18 U.S.C. 1905 and Freedom of Information Act Exemption Four, 5 U.S.C. 552(b)(4) ("commercial or financial information obtained from a person that is privileged or confidential").
