Multiple Countries Under Cooperative Agreement 72067419CA00007, January I

to December 31, 2021 (Report No. 4-674-23-012-R)

This memorandum transmits the final audit report on USAID resources managed by Africa Resources Centre (ARC) in Kenya, Nigeria, Senegal, and South Africa under the Developing Cross-Sector Partnerships to Build Capacity and Strengthen Supply Chains for Improved Availability of Health Product in Africa program. ARC contracted with the independent audit firm BDO, Cape Town, South Africa to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards. However, it did not have an external peer review and a continuing professional education program that fully satisfy the standards' requirements. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on ARC's schedule of expenditures of USAID awards; the effectiveness of its internal control; or its compliance with the award, laws, and regulations. I

The audit objectives were to (I) express an opinion on whether the schedule of expenditures of USAID awards for the period audited, was presented fairly, in all material respects; (2) evaluate ARC's internal controls; (3) determine whether ARC complied with award terms and applicable laws and regulations; (4) review the indirect cost rate; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives, BDO (I) audited the schedule of expenditures of USAID awards including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported ARC as incurred from January I to December 31, 2021; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to ARC's ability to report financial data consistent with the assertions embodied in each account of the as schedule of

expenditures; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the schedule of expenditures of USAID awards; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. ARC reported expenditures of \$1,370,180 in USAID funds during the audited period.

The audit firm concluded the schedule of expenditures of USAID awards presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm identified no questioned costs; no material weaknesses in internal control; and no instances of material noncompliance. The audit firm issued a management letter.

Accordingly, no recommendations will be made.
