SUBJECT: Performance Audit of Incurred Costs for International Resources Group, Ltd., for Fiscal Year 2019 (3-000-23-032-1)

This memorandum transmits the final performance audit report on incurred costs submission (ICS) for International Resources Group, Ltd., (IRG) for Fiscal Year (FY) 2019. The U.S. Agency for International Development (USAID) Office of Acquisition and Assistance, Cost, Audit and Support Division, Contract Audit Management Branch contracted with the independent certified public accounting firm of Tichenor & Associates, LLP (Tichenor) to conduct the audit. Tichenor stated that it performed its audit in accordance with government auditing standards issued by the Comptroller General of United States. Tichenor is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on whether costs claimed by IRG in the FY 2019 ICS are accurate, allowable, allocable, and reasonable in accordance with contract terms and applicable Government acquisition regulations.¹

The audit's objective was to determine whether the costs claimed by IRG in the FY 2019 ICS were accurate, allowable, allocable, and reasonable in accordance with IRG's USAID contracts and applicable Government acquisition regulations, specifically the Federal Acquisition Regulation (FAR), the USAID Acquisition Regulations (AIDAR), Federal Travel Regulations and/or the Department of State Standard Travel Regulations (DSSR), and Buy-American Act for the Contracting Officer to execute the finalization of allowable contract costs and indirect rates for the fiscal year with IRG. To answer the audit's objective, Tichenor designed its testing procedures to review the incurred costs reported by IRG for FY 2019 and reconciled it to its general ledger, and other records and documentation to determine its adequacy for audit purposes. Further, Tichenor reviewed applicable rules, regulations, guidance, and IRG's policies and procedures regarding claimed direct and indirect costs. Tichenor examined USAID

incurred costs of \$11,914,297 for FY 2019.

Tichenor concluded that IRG prepared its FY 2019 ICS in accordance with applicable Government acquisitions regulations of the FAR, the AIDAR, and the DSSR regarding accuracy, allowability, allocability, and reasonableness of incurred costs and are appropriate for the Contracting Officer's use in executing the finalization of allowable costs and indirect rates for the fiscal year with IRG. Tichenor did not identify any questioned costs. Further, Tichenor noted that IRG may have overbilled USAID \$98,148 for FY 2019.
