**TO:** USAID/Bureau for Management/Office of Acquisition and Assistance/Cost, Audit and Support Division, Contract Audit Management Branch, Supervisory Auditor, Sheree F. Marshall

**FROM:** Director of External Financial Audits Division (IG/A/EFA), David A. McNeil /s/

**SUBJECT:** Performance Audit of Incurred Costs for WSP USA Solutions, Inc. for Fiscal Years Ended December 31, 2019 (FY20) and June 28, 2019 (FY19) (3-000-24-036-1)

This memorandum transmits the final performance audit report on incurred costs submission (ICS) for WSP USA Solutions, Inc. (WSP) for Fiscal Year (FY) Ended December 31, 2019 (FY20) and June 28, 2019 (FY19). The U.S. Agency for International Development (USAID) Office of Acquisition and Assistance, Cost, Audit and Support Division, Contract Audit Management Branch contracted with the independent certified public accounting firm of Brown & Company CPAs and Management Consultants, PLLC (Brown) to conduct the audit. Brown stated that it performed its audit in accordance with government auditing standards issued by the Comptroller General of United States. Brown is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on whether costs claimed by WSP in its FY 2020 and FY 2019 ICS are accurate, allowable, allocable, and reasonable in accordance with contract terms and applicable Government acquisition regulations.<sup>1</sup>

The audit objective was to determine whether the costs claimed by WSP's in-scope contracts and subcontracts for FY 2020 and 2019 are allowable, allocable, and reasonable in accordance with contract terms; Part 31 of the Federal Acquisition Regulation (FAR); Agency for International Development Acquisition Regulation (AIDAR); Department of State Standardized Regulation (DSSR); and 2 Code of Federal Regulations (CFR) 200. To answer the audit's objective, Brown (1) identified Government cost-type, flexibly priced contracts and subcontracts for FYs 2020 and 2019; (2) performed a reconciliation between the adjusted total costs booked to date and the cumulative amount billed by contract, for FYs 2020 and 2019 and reported any over/under-billings; (3) determined whether contract limitations as reported on the WSP's Incurred Cost Proposal Schedule I are appropriate based on costs claimed that are

(a) in excess of contract ceiling rates and/or amounts; (b) unallowable per contract terms (if applicable); or (c) outside the contract's period of performance (4) determined whether the cumulative amount billed for each contract, as of the end of the fiscal year under review, exceeded the total funded value on the contract at that point in time; and (5) performed a risk and materiality assessment of ME&A using procedures from newly enacted guidance developed by a Department of Defense Procurement Panel. Brown examined USAID Auditable Dollar Value of \$22,610,541 (\$7,470,486 and \$15,140,055 for FY 2020 and FY 2019 respectively).

Brown concluded that WSP's costs claimed for in-scope contracts and subcontracts for FYs 2020 and 2019 are allowable, allocable, and reasonable in accordance with contract terms, Part 31 of the FAR, AIDAR, DSSR, and 2 CFR 200. Brown did not identify any direct or indirect questioned costs. Finally, Brown did not note any instances of material non-compliance with laws, regulations, or contract terms required to be reported under Government Auditing Standards during the FY 2020 and 2019 audit.

OIG does not routinely distribute independent public accounting reports beyond the immediate addressees because a high percentage of these reports contain information restricted from release under the Trade Secrets Act, 18 U.S.C. 1905 and Freedom of Information Act Exemption Four, 5 U.S.C. 552(b)(4) ("commercial or financial information obtained from a person that is privileged or confidential"). In addition, USAID OIG has determined that this transmittal memo and the enclosed report are not subject to notification and reporting requirements under Section 5274 of the National Defense Authorization Act.<sup>2</sup>
