Award Name (Type)	Award Number	Audit Period	Prime Implementer

LVCT contracted with the independent audit firm Ernst & Young LLP, Nairobi, Kenya to conduct the audit. The audit firm stated that it performed its audit in accordance with International Standards of Auditing in conjunction with generally accepted government auditing standards. However, it did not have an external peer review that fully satisfy the standards' requirements. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on LVCT's schedule of expenditures of USAID awards; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.<sup>1</sup>

The audit objectives were to (1) express an opinion on whether the schedule of expenditures of USAID awards for the period audited, was presented fairly, in all material respects; (2)

<sup>&</sup>lt;sup>1</sup> We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

evaluate LVCT's internal controls; (3) determine whether LVCT complied with award terms and applicable laws and regulations; (4) review the indirect cost rate; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives, Ernst & Young LLP (1) audited the schedule of expenditures of USAID awards including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by LVCT as incurred from October 1, 2022, to September 30, 2023; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to LVCT's ability to report financial data consistent with the assertions embodied in each account of the schedule of expenditures of USAID awards; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the schedule of expenditures of USAID awards; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. LVCT reported expenditures of \$12,658,726 in USAID funds during the audited period.

The audit firm concluded the schedule of expenditures of USAID awards presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm identified \$151,149 in total ineligible questioned costs (\$128,405 for the prime, \$22,744 for the subawards); no material weaknesses in internal control; and four instances of material noncompliance, two of which were previously reported and will not be recommended. In addition, although we are not making a recommendation for significant deficiencies noted in the report, we suggest that USAID/Kenya and East Africa determine if the recipient addressed the issues noted. The audit firm also issued a management letter.

During our desk review, we noted one area for improvement which the audit firm should address in future audit reports. We presented this area in a memo to the controller, dated August 7, 2024.

To address the issues identified in the report, we recommend that USAID/Kenya and East Africa:

**Recommendation 1.** Determine the allowability of the \$128,405 in ineligible questioned costs on page 20 of the audit report and recover any amount that is unallowable.

**Recommendation 2.** Verify that Liverpool Voluntary Care and Treatment Health corrects the two instances of material noncompliance detailed on pages 45 to 46, and 48 of the audit report.

**Recommendation 3.** Verify that Liverpool Voluntary Care and Treatment Health provides University Research Company International and FHI360 with a copy of the findings raised in Ernst & Young LLP's audit report for their review (a) to determine the allowability of any ineligible questioned costs identified on page 20 of the audit report pertaining to their particular subawards; and (b) to take any corrective actions regarding the instances of material noncompliance related to the subawards detailed on pages 42 to 46 of the report.

We ask that you provide your written notification of actions planned or taken to reach

management decision.
