This memorandum transmits the final audit report over the adequacy and cost accounting standards compliance of the disclosure statements, revisions 3 and 2014-0, for Louis Berger Group, Inc., Global Operations Segment (LBGGOS). The U.S. Agency for International Development's (USAID) Office of Acquisition and Assistance Cost, Audit and Support Division contracted with Kearney & Company to conduct the audit. The audit required Kearney & Company to perform the audit in accordance with generally accepted government auditing standards.

Kearney and Company states that it performed its audit in accordance with generally accepted government auditing standards. Kearney & Company is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion over the adequacy and Cost Accounting Standards Compliance of the Disclosure Statements, Revisions 3 and 2014-0, for LBGGOS.¹

The objectives of the performance audit were to conclude whether LBGGOS's Disclosure Statements, Revisions 3 and 2014-0 are adequate and compliant with Cost Accounting Standards (CAS), specifically whether the Disclosure Statements:

- Are current, accurate, complete, and adequately describe the contractor's cost accounting practices, as noted in Federal Acquisition Regulation (FAR) Part 30.202-7a, *Adequacy Determination*, and
- Disclose cost accounting practices that materially comply with CAS, including the design, implementation, and maintenance of internal controls to prevent or detect and

correct noncompliance due to fraud or error in accordance with FAR Part 52.230-1, *Cost Accounting Standards Notices and Certification*.

To answer the audit objectives, Kearney & Company conducted the audit in three phases:

1. **Planning** – Reviewed the Disclosure Statements for potential areas of outdated, inaccurate, and/or incomplete disclosed practices in order to determine if the Disclosure Statements were acceptable for audit; performed other planning procedures to assess audit risk and determine the nature and extent of fieldwork.
2. **Internal Controls and Testing** – Determined the design effectiveness of the internal controls over the maintenance of the Disclosure Statements, conducted walkthroughs over the contractor's cost accounting practices to determine the adequacy of the Disclosure Statements, and determined if the disclosed cost accounting practices are compliant with CAS.
3. **Wrap-Up and Reporting** – Concluded on the adequacy and CAS compliance of the Disclosure Statements as a result of audit procedures performed and within the context of the audit objectives.

Kearney & Company concluded that LBGOS's Disclosure Statements, Revisions 3 and 2014-0, are current, accurate, complete, and adequately describe the contractor's cost accounting practices, as well as disclose cost accounting practices that materially comply with CAS, including the design, implementation, and maintenance of internal controls to prevent or detect and correct noncompliance due to fraud or error. Kearney & Company did not identify any findings.
