

## MEMORANDUM

**DATE:** June 25, 2019

**TO:** USAID/Democratic Republic of Congo, Mission Director, Paul Sabatine

**FROM:** USAID OIG Africa Regional Office, Audit Director, Robert Mason /s/

**SUBJECT:** Financial Audit of USAID Resources Managed by African Parks Network in Multiple Countries Under Cooperative Agreement AID-605-A-16-00002, October 1, 2016, to December 31, 2017 (Report No. 4-605-19-096-R)

This memorandum transmits the final audit report on USAID resources managed by African Parks Network in the Garamba National Park, situated in northeastern Democratic Republic of Congo (DRC), and the Chinko Protected Area in eastern Central African Republic. African Parks Network contracted with the independent certified public accounting firm Ernst & Young, Kinshasa, DRC to conduct the audit. The contract required the audit firm to perform the audit in accordance with generally accepted government auditing standards GAGAS.

The audit firm states that it performed its audit in accordance with GAGAS. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on African Parks Network's fund accountability statement; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.<sup>1</sup>

The audit objectives were to (1) express an opinion on whether the fund accountability statement for the period audited, was presented fairly, in all material respects; (2) evaluate African Parks Network's internal controls; (3) determine whether African Parks Network complied with award terms and applicable laws and regulations (4) review the indirect cost rate; and (5) review the implementation status of prior period recommendations.

---

<sup>1</sup> We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

To answer the audit objectives, Ernst & Young (1) audited the fund accountability statement for the award including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by African Parks Network as incurred from October 1, 2016, to December 31, 2017; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to African Parks Network's ability to report financial data consistent with the assertions embodied in each account of the fund accountability statement; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the fund accountability statement; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. African Parks Network reported expenditures of \$2,463,810 in USAID funds during the audited period.

The audit firm concluded the fund accountability statement presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited except for \$18,427 in unsupported questioned costs. The audit firm reported one instance of material noncompliance specifically related to those questioned costs. Since the questioned costs did not meet OIG's established threshold of \$25,000 for making a recommendation, we are not making a recommendation. Nevertheless, we suggest that USAID/DRC determine the allowability of the \$18,427 in questioned costs and recover any amount determined to be unallowable. The audit did not identify any material weaknesses in internal control. The audit firm also issued a management letter.

During our desk review, we noted several minor issues which the audit firm will need to address in future audit reports. We presented these issues in a memo to the controller, dated June 25, 2019.

OIG does not routinely distribute independent public accounting reports beyond the immediate addressees because a high percentage of these reports contain information restricted from release under the Trade Secrets Act, 18 U.S.C. 1905 and Freedom of Information Act Exemption Four, 5 U.S.C. 552(b)(4) ("commercial or financial information obtained from a person that is privileged or confidential").
