SUBJECT: Performance Audit Over the Adequacy and Cost Accounting Standards Compliance of the Disclosure Statement, Revision 4, Dated October 1, 2017 for International Resources Group Limited (3-000-19-039-1)

This memorandum transmits the final audit report on the performance audit over the Disclosure Statement, Revision 4 dated October 1, 2017 for International Resources Group Limited (IRG). The U.S. Agency for International Development's (USAID) Office of Acquisition and Assistance, Cost Audit and Support Division contracted with the independent certified public accounting firm Booth Management Consulting, LLC (BMC) to conduct the audit. The contract required the audit firm to perform the audit in accordance with generally accepted government auditing standards.

The audit firm states that it performed its audit in accordance with generally accepted government auditing standards. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on whether IRG's Disclosure Statement is adequate and compliant with Cost Accounting Standards.¹

The audit objectives were to determine whether IRG's disclosure statement is adequate and in compliance with cost accounting standards (CAS); specifically whether it (1) is current, accurate, complete, and adequately describes its cost accounting practices, as noted in the Federal Acquisition Regulation (FAR) Part 30.202-7a, "Adequacy Determination," and; (2) disclosed cost accounting practices that materially comply with CAS, including the design, implementation, and maintenance of internal controls to prevent or detect and correct

¹ We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

noncompliance due to fraud or error, in accordance with FAR Part 52.230-1, “*Cost Accounting Standards Notices and Certifications.*” To answer the objectives, the audit firm reviewed the revised Disclosure Statement R-4; designed its testing procedures to obtain an understanding of internal control over the maintenance of the revised Disclosure Statement R-4 and conducted walkthroughs over IRG’s cost accounting practices to determine the adequacy of the Disclosure Statement and if its cost accounting practices are compliant with CAS; and concluded on the adequacy and CAS compliance of the revised Disclosure Statement R-4.

BMC concludes IRG’s Disclosure Statement, Revision 4, adequately describes the contractor's revised cost accounting practices, and that the practices, as described, comply in all material aspects with applicable CAS and FAR Part 31, and are consistent with the contractor’s actual practices. The audit firm did not identify any findings during its performance audit.

We appreciate the assistance extended during the engagement.
