Kheth'Impilo Aids Free Living contracted with the independent certified public accounting firm Ernst & Young Incorporated, Bloemfontein, South Africa to conduct the audit. The audit firm stated that the contract required the audit firm to perform the audit in accordance with generally accepted government auditing standards (GAGAS).

The audit firm states that it performed its audit in accordance with generally accepted government auditing standards (GAGAS), issued by the U.S. Comptroller General, except that the audit firm did not have an external quality control review program that fully satisfied the requirements set forth in GAGAS. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on

Kheth'Impilo's fund accountability statement; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.¹

The audit objectives were to (1) express an opinion on whether the fund accountability statement for the period audited, was presented fairly, in all material respects; (2) evaluate Kheth'Impilo's internal controls; (3) determine whether Kheth'Impilo complied with award terms and applicable laws and regulations; (4) review the indirect cost rate if applicable; and (5) review the implementation status of prior period recommendations.

To answer the audit objectives, Ernst & Young Incorporated (1) audited the fund accountability statement for the award including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by Kheth'Impilo as incurred from October 1, 2017, to September 30, 2018; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to Kheth'Impilo's ability to report financial data consistent with the assertions embodied in each account of the fund accountability statement; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the fund accountability statement; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of prior period recommendations. Kheth'Impilo reported expenditures of \$16,501,878 in USAID funds during the audited period.²

The audit firm concluded the fund accountability statement presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm identified \$60,554 in ineligible questioned costs. Although the amount is greater than \$25,000, we make no recommendation for the questioned costs as the amount was already reimbursed to USAID prior to the issuance of the audit report. Moreover, the audit firm did not identify any material weaknesses in internal control or instances of material noncompliance. Nonetheless, four instances of noncompliance that the audit firm deemed immaterial were included in an appendix to the report.

During our desk review, we noted several minor issues which the audit firm will need to address in future audit reports. We presented these issues in a memo to the controller, dated August 28, 2019.

Accordingly, we are not making any recommendations.

OIG does not routinely distribute independent public accounting reports beyond the immediate addressees because a high percentage of these reports contain information restricted from release under the Trade Secrets Act, 18 U.S.C. 1905 and Freedom of

¹ We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

² Reported total costs incurred of \$16,587,428 included \$85,550 in prior year interest remitted to USAID.
