This memorandum transmits the final compliance examination report on Masoud & Ali and Partners Contracting Company, Sub Contract 2016-0001, Under Prime, Blumont Engineering Solutions, Inc., Task Order 294-TO-16-00008, Gaza Desalination Plant Expansion Project in West Bank and Gaza, from November 16, 2016, to December 31, 2017. USAID/West Bank and Gaza contracted with the independent certified public accounting firm Deloitte & Touche (M.E.) Ramallah, Palestine, to conduct the examination. The contract required the audit firm to perform the examination in accordance with generally accepted government auditing standards.

The audit firm states that it performed its examination in accordance with generally accepted government auditing standards except that it did not participate in an external quality control review program that fully satisfies the auditing standards requirements. The audit firm stated that West Bank and Gaza does not offer such a review program. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on Masoud & Ali's compliance with the award, laws, and regulations or the effectiveness of its

internal controls.¹

The examination's objectives were mainly to: (1) express an opinion on Masoud & Ali's compliance with the award terms and conditions; (2) provide reasonable assurance of detecting fraud, illegal acts, or violations of provisions of the award; and (3) evaluate Masoud & Ali's internal control over compliance. The examination objectives also included testing Masoud & Ali's compliance with Executive Order 13224 – Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism. To answer the engagement objectives, the audit firm performed the subject examination engagement that covered the period from November 16, 2016 to December 31, 2017.

The auditors did not identify any material internal control weaknesses, or any material instances of noncompliance with the award terms, conditions, and applicable laws and regulations. The auditors also did not identify any material instances of noncompliance with Executive Order 13224.

The report does not contain any recommendations for your action.

We appreciate the assistance extended during the engagement.
