This memorandum transmits the final audit report on the Education and Coexistence Project in El Salvador. Fundación Empresarial para el Desarrollo Educativo (FEPADE) contracted with the independent certified public accounting firm BDO Figueroa Jiménez & Co, S.A to conduct the audit. The audit firm stated that the contract required the audit firm to perform the audit in accordance with generally accepted government auditing standards and USAID OIG Guidelines for Financial Audits Contracted by Foreign Recipients.¹

The audit firm states that it performed the audit in accordance with generally accepted government auditing standards except that the audit firm did not have a continuing education program and an external peer review that fully complies with GAGAS requirements. statement for the period audited was presented fairly, in all material respects; (2) evaluate FEPADE's internal controls; (3) determine whether FEPADE complied with award terms and applicable laws and regulations. To answer the audit objectives, the audit firm reported that they assessed and tested the internal controls related to the project; compliance with applicable laws, regulations, the agreement's provisions; and reviewed project expenditures. The audit covered \$870,880 of USAID funds for the audited period.

The audit firm concluded the fund accountability statement presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited.

The audit firm did not identify any material weaknesses in internal control or instances of material noncompliance with applicable laws, regulations, and agreement terms.

Based on the results of the desk review, OIG is not making any recommendation to USAID/EI Salvador.

We appreciate the assistance extended during the engagement.
