FROM: USAID OIG Africa Regional Office, Assistant Director, Matthew Rathgeber /s/

SUBJECT: Financial Audit of USAID Resources Managed by Project Hope Namibia Under Multiple Agreements, January 1 to December 31, 2018 (Report No. 4-673-20-008-R)

This memorandum transmits the final audit report on USAID resources managed by Project Hope Namibia under cooperative agreements: 1) AID-673-A-13-00001 and 2) 72067318CA00002. Project Hope Namibia contracted with the independent certified public accounting firm Deloitte & Touche, Windhoek, Namibia, to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards (GAGAS), except that the audit firm did not have continuing professional education and external quality control review programs that fully satisfied the requirements set forth in GAGAS. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on Project Hope Namibia's fund accountability statement; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.¹

The audit objectives were to (1) express an opinion on whether the fund accountability statement for the period audited, was presented fairly, in all material respects; (2) evaluate Project Hope Namibia's internal controls; and (3) determine whether Project Hope Namibia complied with award terms and applicable laws and regulations; (4) review the indirect cost rate; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives, Deloitte & Touche (1) audited the fund accountability statement for the award including the budgeted amounts by category and major items and the

revenues received from USAID for the period covered by the audit and the costs reported by Project Hope Namibia as incurred from January 1 to December 31, 2018; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to Project Hope Namibia's ability to report financial data consistent with the assertions embodied in each account of the fund accountability statement; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the fund accountability statement; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. Project Hope Namibia reported expenditures of \$5,060,773² in USAID funds during the audited period.

The audit firm concluded the fund accountability statement presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm identified no questioned costs and no material weaknesses in internal control. The audit firm also identified two instances of material noncompliance. Since these instances are repeat findings from the prior period we will not include a recommendation again.

During our desk review, we noted several minor issues which the audit firm will need to address in future audit reports. We presented these issues in a memo to controller, dated October 29, 2019.

Accordingly we are not making any recommendations.

We appreciate the assistance extended during the engagement.
