To answer the audit objectives, the audit firm reported that they assessed and tested the internal controls related to the project; compliance with applicable laws, regulations, the agreement's provisions; and reviewed project expenditures. The audit firm did not identify any material weaknesses in internal control or instances of material noncompliance with applicable laws, regulations, and agreement terms.

The audit firm stated that based on their review, nothing came to their attention that caused them to believe that Agropecuaria Popoyán, S.A. did not fairly present the Cost Sharing contributions schedule, in all material respects, in accordance with the basis of accounting used to prepare the cost sharing contributions schedule.

Based on the results of the desk review, we are not making any recommendation to USAID/Guatemala.
