**DATE:** January 22, 2021

**TO:** USAID/Tanzania, Mission Director, Andrew Karas

**FROM:** USAID OIG Africa Regional Office, Assistant Director, Matthew Rathgeber /s/

**SUBJECT:** Financial Audit of USAID Resources Managed by Deloitte Consulting Limited in Tanzania Under Cooperative Agreement AID-621-A-16-00002, January 1 to December 31, 2019 (Report No. 4-621-21-027-R)

This memorandum transmits the final audit report on USAID resources managed by Deloitte Consulting Limited in Tanzania under cooperative agreement AID-621-A-16-00002. Deloitte Consulting Limited contracted with the independent certified public accounting firm PricewaterhouseCoopers (PwC), Dar es Salaam, Tanzania, to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards (GAGAS). However, it did not have continuing professional education and an external peer review that fully satisfied the requirements of GAGAS. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on Deloitte Consulting Limited's fund accountability statement; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.<sup>1</sup>

The audit objectives were to (1) express an opinion on whether the fund accountability statement for the period audited, was presented fairly, in all material respects; (2) evaluate Deloitte Consulting Limited's internal controls; (3) determine whether Deloitte Consulting Limited complied with award terms and applicable laws and regulations; (4) review the indirect cost rate, or determine that the review of the indirect cost rate was not applicable; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives, PwC (1) audited the fund accountability statement for the award including the budgeted amounts by category and major items and the revenues received

<sup>1</sup> We reviewed the audit firm's report for conformity with professional reporting standards. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

from USAID for the period covered by the audit and the costs reported by Deloitte Consulting Limited as incurred from January 1 to December 31, 2019; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to Deloitte Consulting Limited of the fund accountability statement; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the fund accountability statement; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. Deloitte Consulting Limited reported expenditures of \$28,195,987 in USAID funds during the audited period.

The audit firm concluded the fund accountability statement presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm identified five material weaknesses in internal control. However, considering that two of these findings were repeated findings, our recommendation will only include the remaining three findings. The audit firm also identified five material instances of noncompliance. However, considering that two of these findings are repeated findings, our recommendation will only include the remaining three findings. Since the questioned costs did not meet the OIG's established threshold of \$25,000 for making a recommendation, we are not making a recommendation. Nevertheless, we suggest that USAID/Tanzania determine the allowability of the \$5,335 in ineligible questioned costs and recover any amount determined to be unallowable.

During our desk review, we noted several minor issues which the audit firm will need to address in future audit reports. We presented these issues in a memo to the controller, dated January 22, 2021.

To address the issues identified in the report, we recommend that USAID/Tanzania:

**Recommendation 1.** Verify that Deloitte Consulting Limited corrects the three material weaknesses in internal control detailed on pages 35, 40, and 41 of the audit report.

**Recommendation 2** Verify that Deloitte Consulting Limited corrects the three material instances of noncompliance detailed on pages 46, 50-51, and 52 of the audit report.

We ask that you provide your written notification of actions planned or taken to reach management decision.
