

## MEMORANDUM

**DATE:** April 19, 2021

**TO:** USAID/Kenya and East Africa, Mission Director, Mark Meassick

**FROM:** USAID OIG Africa Regional Office, Assistant Director, Matthew Rathgeber /s/

**SUBJECT:** Financial Audit of USAID Resources Managed by Moi Teaching and Referral Hospital in Kenya Under Cooperative Agreement AID-615-A-12-00001, July 1, 2019, to June 30, 2020 (Report No. 4-615-21-049-R)

This memorandum transmits the final audit report on USAID resources managed by Moi Teaching and Referral Hospital (MTRH). MTRH contracted with the independent certified public accounting firm PricewaterhouseCoopers (PwC), Nairobi, Kenya, to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards (GAGAS). However, it did not have continuing professional education and an external peer review that fully satisfied the requirements of GAGAS. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on MTRH's fund accountability statement; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.<sup>1</sup>

The audit objectives were to (1) express an opinion on whether the fund accountability statement for the period audited, was presented fairly, in all material respects; (2) evaluate MTRH's internal controls; (3) determine whether MTRH complied with award terms and applicable laws and regulations; (4) review the indirect cost rate; and (5) review the implementation status of prior period recommendations.

To answer the audit objectives, PwC (1) audited the fund accountability statement for the award including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by MTRH as incurred from July 1, 2019, to June 30, 2020; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to MTRH's ability to report financial

<sup>1</sup> We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

data consistent with the assertions embodied in each account of the fund accountability statement; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the fund accountability statement; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of prior period recommendations. MTRH reported expenditures of \$22,726,096 in USAID funds during the audited period.

The audit firm concluded the fund accountability statement presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm identified \$6,882 in ineligible questioned costs; no material weaknesses in internal control; and one instance of material noncompliance pertaining to the questioned costs. Since the questioned costs and the related noncompliance finding did not meet the OIG's established threshold of \$25,000 for making a recommendation, we are not making a recommendation. Nevertheless, we suggest that USAID/Kenya and East Africa determine the allowability of the \$6,882 in questioned costs and recover any amount determined to be unallowable. In addition, although we are not making a recommendation for significant deficiencies noted in the report, we suggest that USAID/Kenya and East Africa determine if the recipient addressed the issues noted. The audit firm issued a management letter.

Accordingly, we are not making any recommendations.

OIG does not routinely distribute independent public accounting reports beyond the immediate addressees because a high percentage of these reports contain information restricted from release under the Trade Secrets Act, 18 U.S.C. 1905 and Freedom of Information Act Exemption Four, 5 U.S.C. 552(b)(4) ("commercial or financial information obtained from a person that is privileged or confidential").
