This memorandum transmits the final audit report on USAID resources managed by Family Aids Caring Trust (FACT) under the following awards:

Award Name (Type)	Award Number	Audit Period	Prime Implementer
Children Tariro Project (cooperative agreement)	AID-613-A-15-00005	Jan. 1 – Dec. 31, 2020	
Going The Last Mile for HIV Control (subaward)	72061318CA00009	Jan. 1 – Dec. 31, 2020	Population Services International

FACT contracted with the independent certified public accounting firm Baker Tilly, Mutare, Zimbabwe, to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards (GAGAS). However, it did not have continuing professional education and an external peer review that fully satisfied the requirements of GAGAS. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on FACT's fund accountability statement; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.<sup>1</sup>

The audit objectives were to (1) express an opinion on whether the fund accountability statement for the period audited, was presented fairly, in all material respects; (2) evaluate FACT's internal controls; (3) determine whether FACT complied with award terms and

applicable laws and regulations; (4) review the indirect cost rate; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives, Baker Tilly (1) audited the fund accountability statement for the award including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by FACT as incurred from January 1 to December 31, 2020; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to FACT's ability to report financial data consistent with the assertions embodied in each account of the fund accountability statement; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the fund accountability statement; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. FACT reported expenditures of \$9,703,654 in USAID funds during the audited period.

The audit firm concluded the fund accountability statement presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited, except for \$302,410 in total ineligible questioned costs. The audit identified no material weaknesses in internal control and one instance of material noncompliance. Since a recommendation for this instance of noncompliance was raised in prior periods, we will not make a recommendation on this again and will only include a recommendation on the questioned costs identified.

During our desk review, we noted several minor issues which the audit firm will need to address in future audit reports. We presented these issues in a memo to the controller, dated September 21, 2021.

To address the issues identified in the report, we recommend that USAID/Zimbabwe:

**Recommendation I.** Determine the allowability of \$302,410 in ineligible questioned costs on pages 22 and 27 of the audit report and recover any amount that is unallowable.

We ask that you provide your written notification of actions planned or taken to reach management decision.
