Association Institute for Youth Development KULT contracted with the independent certified public accounting firm KPMG B-H d.o.o to conduct the audit. The audit firm stated that it performed its audit in accordance with the U.S. Government Auditing Standards issued by the Comptroller General of the United States. However, it did not have an external quality control review program or a continuing education program that fully satisfies the standards' requirements. The audit firm explained that professional organizations in Bosnia and Herzegovina do not offer such a review program. With respect to the continuing education program, the audit firm said that they could not fully comply with the U.S. government auditing related hours. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on the auditee's fund accountability statement; the effectiveness of its internal control; or its compliance with the awards, laws, and regulations.<sup>1</sup>

The audit objectives were mainly to: (1) express an opinion on whether the fund accountability statement for the period audited, was presented fairly, in all material respects; (2) evaluate the auditee's internal controls; and (3) determine whether the auditee complied with the awards terms and applicable laws and regulations. To answer the audit objectives, the audit firm performed the subject financial audit that covered \$1,086,396 in USAID expenditures from January 1 to December 31, 2020.

The audit firm expressed an unmodified opinion on the fund accountability statement and did not identify any questioned costs. The audit firm did not identify any material weaknesses in the internal control or any material instances of noncompliance with award terms and applicable laws and regulations.

The report does not include any recommendations for your action.

OIG does not routinely distribute independent public accounting reports beyond the immediate addressees because a high percentage of these reports contain information restricted from release under the Trade Secrets Act, 18 U.S.C. 1905 and Freedom of Information Act Exemption Four, 5 U.S.C. 552(b)(4) ("commercial or financial information obtained from a person that is privileged or confidential").
