This memorandum transmits the final audit report on Millennium Challenge Corporation (MCC) Resources Managed by Millennium Challenge Coordinating Unit Sierra Leone (MCCU Sierra Leone) for the period from April 1, 2021, to July 29, 2021. MCCU Sierra Leone contracted with the independent certified public accounting firm Ernst & Young Chartered Accountants to conduct the audit. We do not express an opinion on MCCU Sierra Leone’s fund accountability statement; the effectiveness of its internal control; or its compliance with the agreement, laws, and regulations.1

The audit objectives were to (1) express an opinion on whether MCCU Sierra Leone’s Fund Accountability Statement for the MCC-funded threshold program presents fairly, in all material respects, revenues, costs incurred, and assets and technical assistance directly procured by MCC for the period audited; (2) evaluate MCCU Sierra Leone’s internal control’s related to the threshold program to identify any significant deficiencies and material weaknesses as applicable; (3) determine whether MCCU Sierra Leone’s complied with threshold program agreement terms and applicable laws and regulations; and (4) review prior audit recommendations to ensure corrective actions have been taken. 1We reviewed the audit firm’s report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor’s supporting working papers: they are not designed to enable us to directly evaluate the quality of the audit performed.
The audit firm concluded that the fund accountability statement presented fairly, in all material respects, program revenues, costs incurred and reimbursed under the agreement for the period audited. The audit firm did not identify any material weaknesses in internal control. The audit firm identified one significant deficiency in internal control associated with, no evidence that user activities are logged. The audit firm identified one instances of non-compliance or other matters that are required to be reported under generally accepted government auditing standards, on travel advances not accounted for within the time limit. Although we are not making a recommendation for significant deficiencies noted, we suggest that MCC addressed the issues noted. The audit firm did not question any costs.
