MEMORANDUM

DATE: January 10, 2023

TO: USAID/Tanzania, Mission Director, Kate Somvongsiri

FROM: USAID OIG Africa Regional Office, Audit Director, Robert Mason /s/

SUBJECT: Financial Audit of USAID Resources Managed by Benjamin William Mkapa Foundation in Tanzania Under Cooperative Agreement 72062120CA00003, July 1, 2021, to June 30, 2022 (Report No. 4-621-23-040-R)

This memorandum transmits the final audit report on USAID resources managed by Benjamin William Mkapa Foundation (BMF) under the Afya Endelevu project. BMF contracted with the independent audit firm Deloitte & Touche, Dar es Salaam, Tanzania to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards. However, it did not have an external peer review or a continuing professional education program that fully satisfy the standards' requirements. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on BMF's schedule of expenditures of USAID awards; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.¹

The audit objectives were to (1) express an opinion on whether the schedule of expenditures of USAID awards for the period audited, was presented fairly, in all material respects; (2) evaluate BMF's internal controls; (3) determine whether BMF complied with award terms and applicable laws and regulations; (4) review the indirect cost rate; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives, Deloitte & Touche (1) audited the schedule of expenditures of USAID awards including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by BMF as incurred from July 1, 2021, to June 30, 2022; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to BMF's ability to report financial data consistent with the assertions embodied in each account of the schedule of expenditures of USAID awards; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material

¹ We reviewed the audit firm's report for conformity with professional reporting standards. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

effect on the schedule of expenditures of USAID awards; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. BMF reported expenditures of \$6,323,389 in USAID funds during the audited period.

The audit firm concluded the schedule of expenditures of USAID awards presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm identified \$10,346 in ineligible questioned costs; one material weaknesses in internal control; and two instances of material noncompliance specifically related to the questioned costs identified. Since the questioned costs did not meet the OIG's established threshold of \$25,000 for making a recommendation, we are not making a recommendation for the questioned cost and the specifically related findings. Nevertheless, we suggest that USAID/Tanzania determine the allowability of the \$10,346 in questioned costs and recover any amount determined to be unallowable.

To address the issues identified in the report, we recommend that USAID/Tanzania:

Recommendation I. Verify that Benjamin William Mkapa Foundation corrects the one material weaknesses in internal control detailed on page 30 of the audit report.
