CSSC contracted with the independent audit firm HLB Tanzania, Dar es Salaam, Tanzania to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards. However, it did not have an external peer review or a continuing professional education program that fully satisfy the standards' requirements. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on CSSC's schedule of expenditures of USAID awards; the effectiveness of its internal control; or its compliance with the award, laws, and regulations. I

The audit objectives were to (I) express an opinion on whether the schedule of expenditures of USAID awards for the period audited, was presented fairly, in all material respects; (2) evaluate CSSC's internal controls; (3) determine whether CSSC complied with award terms and applicable laws and regulations; (4) review the indirect cost rate; and (5) review the

implementation status of the prior period recommendations.

To answer the audit objectives, HLB Tanzania (I) audited the schedule of expenditures of USAID awards including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by CSSC as incurred from January I to December 31, 2023; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to CSSC's ability to report financial data consistent with the assertions embodied in each account of the schedule of expenditures of USAID awards; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the schedule of expenditures of USAID awards; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. CSSC reported expenditures of \$4,387,683 in USAID funds during the audited period.

The audit firm concluded the schedule of expenditures of USAID awards presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm identified \$3,144 in total ineligible questioned costs; three material weaknesses in internal control (one finding related to the questioned costs and one repeat finding which will not be recommended); and three instances of material noncompliance (one finding related to the questioned costs which will not be recommended). Since the questioned costs did not meet the OIG's established threshold of \$25,000 for making a recommendation, we are not making a recommendation. Nevertheless, we suggest that USAID/Tanzania determine the allowability of the \$3,144 in questioned costs and recover any amount determined to be unallowable.

To address the issues identified in the report, we recommend that USAID/Tanzania:

Recommendation 1. Verify that Christian Social Services Commission corrects the one material weakness in internal control detailed on page 40 of the audit report.

Recommendation 2. Verify that Christian Social Services Commission corrects the two instances of material noncompliance detailed on pages 43 and 44 of the audit report.

We ask that you provide your written notification of actions planned or taken to reach management decision.
