### MEMORANDUM

**DATE:** December 23, 2024

**TO:** USAID/Zambia, Mission Director, Peter Wiebler

**FROM:** USAID OIG Africa Regional Office, Audit Director, Ryan Werner /s/

**SUBJECT:** Financial Audit of USAID Resources Managed by John Snow Health Zambia Limited Under Multiple Awards, January 1 to December 31, 2023 (Report No. 4-611-25-044-R)

This memorandum transmits the final audit report on USAID resources managed by John Snow Health Zambia Limited under the following awards:

Award Name (Type)	Award Number	Audit Period	Prime Implementer
Electronic Supply Chain Management Information System (eSCMIS) (contract)	72061120C00003	Jan. 1 – Dec. 31, 2023	
Zambia Accessible Markets for Health Activity (ZAM Health) (cooperative agreement)	72061121CA00001	Jan. 1 – Dec. 31, 2023	

John Snow Health Zambia Limited contracted with the independent audit firm BDO, Lusaka, Zambia to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards. However, it did not have an external peer review or a continuing professional education program that fully satisfy the standards' requirements. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on John Snow Health Zambia Limited's schedule of expenditures of USAID awards; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.<sup>1</sup>

The audit objectives were to (1) express an opinion on whether the schedule of expenditures of USAID awards for the period audited, was presented fairly, in all material respects; (2) evaluate John Snow Health Zambia Limited's internal controls; (3) determine whether John

<sup>1</sup> We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

Snow Health Zambia Limited complied with award terms and applicable laws and regulations; (4) review the indirect cost rate; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives BDO, (1) audited the schedule of expenditures of USAID awards including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by John Snow Health Zambia Limited as incurred from January 1 to December 31, 2023; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to John Snow Health Zambia Limited's ability to report financial data consistent with the assertions embodied in each account of the schedule of expenditures of USAID awards; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the schedule of expenditures of USAID awards; (4) determined that the review of the indirect cost rate was not applicable; and (5) presented the status of the prior period recommendations to be followed up. John Snow Health Zambia Limited reported expenditures of \$10,740,650 in USAID funds during the audited period.

The audit firm concluded the schedule of expenditures of USAID awards presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm identified \$20,872 in ineligible questioned costs; no material weaknesses in internal control; and two material instances of noncompliance. Since the questioned costs did not meet the OIG's established threshold of \$25,000 for making a recommendation, we are not making a recommendation for the questioned costs and the related instances of noncompliance. Nevertheless, we suggest that USAID/Zambia determine the allowability of the \$20,872 in questioned costs and recover any amount determined to be unallowable.

Accordingly, we are not making any recommendations.

During our desk review, we noted one area for improvement, which the audit firm should address in future audit reports. We presented this area in a memo to the controller, dated December 23, 2024.

OIG does not routinely distribute independent public accounting reports beyond the immediate addressees because a high percentage of these reports contain information restricted from release under the Trade Secrets Act, 18 U.S.C. 1905 and Freedom of Information Act Exemption Four, 5 U.S.C. 552(b)(4) ("commercial or financial information obtained from a person that is privileged or confidential"). In addition, USAID OIG has determined that this transmittal memo and the enclosed report are not subject to notification and reporting requirements under Section 5274 of the National Defense Authorization Act.<sup>2</sup>
