MEMORANDUM

DATE: February 4, 2025

TO: USAID/Kenya and East Africa, Mission Director, David Gosney

FROM: USAID OIG Africa Regional Office, Audit Director, Ryan Werner /s/

SUBJECT: Financial Audit of USAID Resources Managed by Strathmore University in Kenya Under Cooperative Agreement 72061521CA00016, January 1 to December 31, 2023 (Report No. 4-615-25-059-R)

This memorandum transmits the final audit report on USAID resources managed by Strathmore University under the USAID Strategic Partnership Program. Strathmore University contracted with the independent audit firm Deloitte and Touché, Nairobi, Kenya to conduct the audit. The audit firm stated that it performed its audit in accordance with U.S. Government Auditing Standards. However, it did not have an external peer review and continuing professional education that fully satisfy the standards' requirements. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on Strathmore University's schedule of expenditures of USAID awards; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.¹

The audit objectives were to (1) express an opinion on whether the schedule of expenditures of USAID awards for the period audited, was presented fairly, in all material respects; (2) evaluate Strathmore University's internal controls; (3) determine whether Strathmore University complied with award terms and applicable laws and regulations; (4) review the indirect cost rate; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives, Deloitte and Touché (1) audited the schedule of expenditures of USAID awards including budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by Strathmore University as incurred from January 1 to December 31, 2023; (2) evaluated the

control environment, the adequacy of the accounting systems, and control procedures that pertain to Strathmore University's ability to report financial data consistent with the assertions embodied in each account of the schedule of expenditures of USAID awards; (3) identified the award terms and pertinent laws and regulations and determine which of those, if not observed, could have a direct and material effect on the schedule of expenditures of USAID awards; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. Strathmore University reported expenditures of \$1,334,769 in USAID funds during the audited period.

The audit firm concluded the schedule of expenditures of USAID awards presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm identified \$8,320 in ineligible questioned costs, no material weaknesses in internal control; and two instances of material noncompliance. Since the questioned costs did not meet the OIG's established threshold of \$25,000 for making a recommendation, we are not making a recommendation. Nevertheless, we suggest that USAID/Kenya and East Africa determine the allowability of \$8,320 in questioned costs and recover any amount determined to be unallowable. In addition, although we are not making a recommendation for significant deficiencies noted in the report, we suggest that USAID/Kenya and East Africa determine if the recipient addressed the issues noted.

During our desk review, we noted several areas for improvement which the audit firm should address in future audit reports. We presented these areas in a memo to the controller, dated February 4, 2025.

To address the issues identified in the report, we recommend that USAID/Kenya and East Africa:

Recommendation 1. Verify that Strathmore University corrects the two instances of material noncompliance identified on pages 36, 38 to 42 of the audit report.

We ask that you provide written notification of actions planned or taken to reach management decision.
