

OFFICE OF INSPECTOR GENERAL U.S. Agency for International Development

MEMORANDUM

DATE: April 16, 2025

TO: Sheree F. Marshall
Supervisory Auditor
USAID/Management/Office of Acquisition and Assistance/Cost, Audit, and
Support Division, Contract Audit Management Branch

FROM: David A. McNeil /s/
Director
External Financial Audits Division

SUBJECT: Single Audit of Management Sciences for Health, Inc., for the Year Ended June 30, 2021 (3-000-25-035-T)

This memorandum transmits the final audit report on the single audit of Management Sciences for Health, Inc., (MSH) for the Year Ended June 30, 2021. The audit report was obtained from the Federal Audit Clearinghouse. MSH contracted with the independent audit firm Grant Thornton LLP (Grant Thornton) to conduct the audit. Grant Thornton stated it performed its audit in accordance with U.S. Government auditing standards issued by the Comptroller General of the United States and Title 2 Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Grant Thornton is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on MSH's schedule of expenditures of federal awards; the effectiveness of its internal control; or its compliance with the awards, laws, and regulations.¹

Grant Thornton's audit objectives were to: (1) express an opinion on MSH's consolidated financial statements; (2) obtain reasonable assurance about whether MSH's combined financial statements are free from material misstatement; and (3) express an opinion on compliance for each of MSH's major federal programs based on the types of compliance requirements described in the Office of Management and Budget Compliance Supplement that could have a direct and material effect on each of MSH's major Federal programs for the year ended June 30,

¹ We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

2021. To answer the audit objectives, Grant Thornton: (1) obtained evidence about the amounts and disclosures in the financial statements; (2) evaluated the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by MSH and evaluated the overall presentation of the financial statements; and (3) considered MSH's internal control over financial reporting and on tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. MSH's audited expenditures of Federal awards was \$108,982,743, of which the U.S. Agency for International Development's (USAID) audited expenditures amounted to \$107,000,131.

Grant Thornton expressed an unmodified opinion on the financial statements and on compliance for major Federal programs. Further, Grant Thornton reported that it did not find any material weaknesses or significant deficiencies in internal control over financial reporting and no material weaknesses in internal control over major programs. Grant Thornton did, however, discover a significant deficiency in internal control over major programs and reported findings pertaining to 2 CFR 200.516(a) against which there were no reportable questioned costs. Although we are not making a recommendation for the significant deficiency in internal control over major programs noted in the report, we suggest that USAID/Management/Office of Acquisition and Assistance/Cost, Audit, and Support Division, Contract Audit Management Branch determine whether MSH addressed it.

OIG does not routinely distribute independent public accounting reports beyond the immediate addressees because a high percentage of these reports contain information restricted from release under the Trade Secrets Act, 18 U.S.C. 1905 and Freedom of Information Act Exemption Four, 5 U.S.C. 552(b)(4) ("commercial or financial information obtained from a person that is privileged or confidential"). In addition, USAID OIG has determined that this transmittal memo and the enclosed report are not subject to notification and reporting requirements under Section 5274 of the National Defense Authorization Act.²
