

## **MEMORANDUM**

**DATE:** May 12, 2025

TO: USAID/Uganda, Mission Director, Daniele Nyirandutiye

**FROM:** USAID OIG Africa Regional Office, Audit Director, Ryan Werner /s/

**SUBJECT:** Financial Audit of USAID Resources Managed by Baylor College of Medicine

Children's Foundation Uganda Under Multiple Awards, July 1, 2023, to June 30,

2024 (Report No. 4-617-25-104-R)

This memorandum transmits the final audit report on USAID resources managed by Baylor College of Medicine Children's Foundation Uganda (BCMU) under cooperative agreement 72061722CA00002 and sub award USAID/UPMB/LSDA/01-01 under cooperative agreement 72061720CA00016 (which closed out on September 30, 2023). BCMU contracted with the independent audit firm KPMG, Kampala, Uganda to conduct the audit. The audit firm stated that it performed its audit in accordance with generally accepted government auditing standards and International Standards on Auditing. However, it did not have an external peer review or a continuing professional education program that fully satisfy the standards' requirements. The audit firm is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on BCMU's schedule of expenditures of USAID awards; the effectiveness of its internal control; or its compliance with the award, laws, and regulations. I

The audit objectives were to (1) express an opinion on whether the schedule of expenditures of USAID awards for the period audited, was presented fairly, in all material respects; (2) evaluate BCMU's internal controls; (3) determine whether BCMU complied with award terms and applicable laws and regulations; (4) review the indirect cost rate; and (5) review the implementation status of the prior period recommendations.

To answer the audit objectives, KPMG (I) audited the schedule of expenditures of USAID awards including the budgeted amounts by category and major items and the revenues received from USAID for the period covered by the audit and the costs reported by BCMU as incurred from July I, 2023, to June 30, 2024; (2) evaluated the control environment, the adequacy of the accounting systems, and control procedures that pertain to BCMU's ability to report financial data consistent with the assertions embodied in each account of the schedule of expenditures

<sup>&</sup>lt;sup>1</sup> We reviewed the audit firm's report for conformity with professional reporting standards. Our desk reviews are typically performed to identify any items needing clarification or issues requiring management attention. Desk reviews are limited to review of the audit report itself and excludes review of the auditor's supporting working papers; they are not designed to enable us to directly evaluate the quality of the audit performed.

of USAID awards; (3) identified the award terms and pertinent laws and regulations and determined which of those, if not observed, could have a direct and material effect on the schedule of expenditures of USAID awards; (4) determined that the review of the indirect cost rate was not applicable; and (5) reviewed the implementation status of the prior period recommendations. BCMU reported expenditures of \$7,478,136 in USAID funds during the audited period.

The audit firm concluded the schedule of expenditures of USAID awards presented fairly, in all material respects, program revenues and costs incurred under the award for the period audited. The audit firm identified \$6,252 in unsupported questioned costs; no material weaknesses in internal control; and two instances of material noncompliance (one repeat finding from prior period which was resolved). Since the questioned costs did not meet the OIG's established threshold of \$25,000 for making a recommendation, we are not making a recommendation. Nevertheless, we suggest that USAID/Uganda determine the allowability of the \$6,252 in questioned costs and recover any amount determined to be unallowable. In addition, although we are not making a recommendation for the significant deficiency noted in the report, we suggest that USAID/Uganda determine if the recipient addressed the issues noted. The audit firm issued a management letter.

To address the issues identified in the report, we recommend that USAID/Uganda:

**Recommendation 1.** Verify that Baylor College of Medicine Children's Foundation Uganda corrects the one instance of material noncompliance detailed on pages 29 to 30 of the audit report.

We ask that you provide your written notification of actions planned or taken to reach management decision.
