

OFFICE OF INSPECTOR GENERAL

U.S. Agency for International Development

MCC Complied in Fiscal Year 2025 With the Payment Integrity Information Act of 2019

Report 0-MCC-26-007-C
July 16, 2026

Office of Audits, Inspections, and Evaluations

OFFICE OF INSPECTOR GENERAL U.S. Agency for International Development

MEMORANDUM

DATE: July 16, 2026

TO: Mr. Abdel Maliky
Acting Vice President
Millennium Challenge Corporation, Department of Administration and Finance

FROM: Gabriele Tonsil /s/
Acting Assistant Inspector General for Audits, Inspections, and Evaluations

SUBJECT: MCC Complied in Fiscal Year 2025 With the Payment Integrity Information Act of 2019 (0-MCC-26-007-C)

Enclosed is the final report on the Millennium Challenge Corporation's (MCC) compliance with Public Law 116-117, the Payment Integrity Information Act of 2019 (PIIA). The Office of Inspector General (OIG) contracted with the independent certified public accounting firm of RMA Associates LLC (RMA) to conduct the review. The contract required RMA to perform the review in accordance with the Council of the Inspectors General on Integrity and Efficiency's *Quality Standards for Inspection and Evaluation*, December 2020, and the requirements for reporting as established by the Office of Management and Budget (OMB), Transmittal of Appendix C to OMB Circular A-123, "Requirements for Payment Integrity Improvement" (M-21-19), March 5, 2021.

In carrying out its oversight responsibilities, OIG reviewed RMA's report and related documentation and inquired of its representatives. The firm is responsible for the enclosed report and the conclusions expressed in it. We found no instances in which RMA did not comply, in all material respects, with applicable standards.

The review objective was to determine whether MCC's improper payment reporting in fiscal year 2025 complied with the PIIA. To answer the objective, RMA reviewed the payment integrity information in MCC's *Annual Management Report* and any accompanying materials to assess the Agency's compliance with PIIA and related OMB guidance.

RMA concluded that MCC complied with the requirements of PIIA for fiscal year 2025.

We appreciate the assistance provided to our staff and the audit firm's employees during the engagement.

Millennium Challenge Corporation

Fiscal Year 2025 Compliance with Payment Integrity
Information Act of 2019

Final Compliance Report

June 22, 2026

June 22, 2026

To the Acting Inspector General
U.S. Agency for International Development

To the Board of Directors
Millennium Challenge Corporation

RMA Associates, LLC conducted a review of the Millennium Challenge Corporation's (MCC) compliance with the Payment Integrity Information Act of 2019 (PIIA) for the fiscal year ended September 30, 2025.

Our review objective was to determine whether MCC complied with PIIA for FY 2025.

As a result of our review, we found that MCC complied with all PIIA requirements for FY 2025. Additional information on our results is included in the accompanying report.

We very much appreciate the opportunity to serve you and will be pleased to discuss any questions you may have.

Respectfully,

RMA Associates

Executive Summary

RMA Associates, LLC (RMA), under the oversight of the United States Agency for International Development (USAID) Office of Inspector General (OIG), reviewed the Millennium Challenge Corporation's (MCC) compliance with the Payment Integrity Information Act of 2019 (PIIA) ([Public Law 116-117](#)) for the fiscal year (FY) ended September 30, 2025 in accordance with 1) the Office of Management and Budget (OMB) Memorandum M-21-19, *Transmittal of Appendix C to OMB Circular A-123, Requirements for Payment Integrity Improvement*, 2) OMB Circular A-136, *Financial Reporting Requirements*, July 14, 2025; 3) Council of the Inspectors General on Integrity and Efficiency (CIGIE) Guidance for Payment Integrity Information Act Compliance Reviews, November 2025; and 4) CIGIE's *Quality Standards for Inspection and Evaluation* (Blue Book). In addition to the compliance criteria, we also reviewed MCC's risk assessment process and efforts in preventing and reducing improper payments (IPs) and unknown payments (UPs). Our review was conducted from February 2026 through April 2026.

What We Concluded

RMA concluded that MCC complied with PIIA for FY 2025 (**Table 1**). We noted that MCC performed risk assessments in FY 2023 using criteria defined by OMB Circular A-123 and conformed to this guidance for preventing and reducing IPs and UPs. We found MCC has completely and accurately reported payment recapture reporting information on [PaymentAccuracy.gov](#).

Table 1: PIIA Compliance Reporting Table¹

Program Fund Name	Published payment integrity information with the Annual Management Report (AMR) and in the accompanying materials to the AMR of the agency for the most recent FY in accordance with OMB guidance.	Posted the AMR and accompanying materials required under the guidance of OMB on the agency website.	Conducted IP risk assessments for each program with annual outlays greater than \$10,000,000 at least once in the last three years.	Adequately concluded whether the program is likely to make IPs and UPs above or below the statutory threshold.	Published IP and UP estimates for programs susceptible to significant IPs and UPs in the accompanying materials to the AMR.	Published corrective action plans for each program for which an estimate above the statutory threshold was published in the accompanying materials to the AMR.	Published an IP and UP reduction target for each program for which an estimate above the statutory threshold was published in the accompanying materials to the AMR.	Demonstrated improvements to payment integrity or reached a tolerable IP and UP rate.	Developed a plan to meet the IP and UP reduction targets.	Reported an IP and UP estimate of less than 10 percent for each program for which an estimate was published in the accompanying materials to the AMR.
Administrative Expenses	✓	✓	✓	✓	N/A	N/A	N/A	N/A	N/A	N/A
Compact Assistance	✓	✓	✓	✓	N/A	N/A	N/A	N/A	N/A	N/A

Due Diligence	✓	✓	✓	✓	N/A	N/A	N/A	N/A	N/A	N/A
Threshold Programs	✓	✓	✓	✓	N/A	N/A	N/A	N/A	N/A	N/A

Legend
✓ MCC complied with OMB Circular A-123 requirements for Payment Integrity Improvement.
N/A Not applicable due to MCC not identifying programs susceptible to significant improper payment or high priority programs.

¹ Transmittal of Appendix C to OMB Circular A-123, Requirements for Payment Integrity Improvement, [M-21-19](#), March 5, 2021, page 52.

Background

PIIA ([Public Law 116-117](#)) aims to improve efforts to identify and reduce government-wide IPs. Agencies are required to identify and review all programs and activities they administer that may be susceptible to significant IPs based on guidance provided by OMB.

Payment integrity information is published with MCC's AMR in accordance with payment integrity guidance in OMB Circular A-136. MCC must also publish payment integrity information required in the accompanying materials to the AMR in accordance with applicable guidance. The most common accompanying materials to the AMR are the payment integrity information published on [PaymentAccuracy.gov](https://www.paymentaccuracy.gov). Agency Inspector Generals are to review payment integrity reporting for compliance and issue an annual report.

Guidance addressing PIIA requirements is found in Appendix C to OMB Circular A-123 issued March 5, 2021 ([M-21-19](#)). This Appendix is effective for FY 2025. Each program with annual outlays over \$10 million must conduct an IP risk assessment at least once every three years to determine whether the program is likely to have IPs above the statutory threshold.²

The term IP means any payment that should not have been made or that was made in an incorrect amount, including an overpayment or underpayment, under statutory, contractual, administrative, or other legally applicable requirements. This includes 1) any payment to an ineligible recipient; 2) any payment for an ineligible good or service; 3) any duplicate payment; 4) payment for a good or service not received, except for those payments where authorized by law; and 5) any payment that does not account for credit for applicable discounts.

The threshold is determined by statute. Programs are considered to be above the statutory threshold if reporting an annual IP and UP estimate above \$10,000,000 and 1.5 percent of the program's total annual outlays or above \$100,000,000 regardless of the associated percentage of the program's total annual outlays that the IP and UP estimate represents.³

MCC management is required to perform a risk assessment of its programs at least once every three years under Section II.A. Phase 1, Appendix C. MCC conducted its latest risk assessment in FY 2023. MCC identified five programs that require a risk assessment in compliance with Appendix C. MCC uses an IP Risk Assessment Tool (Tool) to assess the risk of significant erroneous payments for all MCC-administered program funds. The IPs are based on management awareness, vendor complaints and notifications, payment adjustment records, and results of reviews and monitoring activities. The Tool is used to document the risk assessment for each MCC funds: 1) Administrative Expenses; 2) Compact Assistance; 3) Compact Development Funding; 4) Due Diligence; and 5) Threshold Programs.

MCC applied a low (below 35%), medium (between 35%-55%), and high (above 55%) score to each program based on the risk assessment's weighted results. In addition to this Tool, MCC uses

² Ibid, page 6-7.

³ Ibid, page 19.

a self-identified IP Tracker to record and aggregate all IPs, overpayments, and recoveries. MCC tracks the IP date, vendor, amount, cause, amount recovered, and over or underpayment. The overpayment amounts identified and recovered through recovery activities reported to OMB are derived from the IP Tracker.

Objective

The objective was to determine whether MCC complied with PIIA for FY 2025.

Legal Requirements/Compliance with PIIA

The term “compliance” with PIIA and OMB guidance means that the agency complied with the 10 requirements listed in 1a through 6 below. If the agency does not meet one or more of these requirements, then it is not compliant.

- **1a:** Published payment integrity information with the annual financial statement [AMR for MCC] and in the accompanying materials to the AMR of the agency for the most recent FY in accordance with OMB guidance.
- **1b:** Posted the AMR and accompanying materials required under the guidance of OMB on the agency website.
- **2a:** Conducted IP risk assessments for each program with annual outlays greater than \$10,000,000 at least once in the last three years.
- **2b:** Adequately concluded whether the program is likely to make IPs and UPs above or below the statutory threshold.
- **3:** Published IP and UP estimates for programs susceptible to significant IPs and UPs in the accompanying materials to the AMR.
- **4:** Published corrective action plans for each program for which an estimate above the statutory threshold was published in the accompanying materials to the AMR.
- **5a:** Published an IP and UP reduction target for each program for which an estimate above the statutory threshold was published in the accompanying materials to the AMR.
- **5b:** Demonstrated improvements to payment integrity or reached a tolerable IP and UP rate.
- **5c:** Developed a plan to meet the IP and UP reduction targets.
- **6:** Reported an IP and UP estimate of less than 10 percent for each program for which an estimate was published in the accompanying materials to the AMR.

Criteria

RMA conducted the review in accordance with the CIGIE [PIIA Guide](#) and other authoritative guidance such as:

- [Public Law 116-117](#), Payment Integrity Information Act of 2019;
- [31 U.S.C § 3321](#), Disbursing Authority in the Executive Branch;

- [OMB Circular A-123](#), *Management's Responsibility for Enterprise Risk Management and Internal Control*, July 15, 2016;
- [OMB Circular A-136](#), *Financial Reporting Requirements*, July 14, 2025; and
- [OMB M-21-19](#), *Transmittal of Appendix C to OMB Circular A-123, Requirements for Payment Integrity Improvement*, March 5, 2021.

Results of Review

We found that MCC complied with PIIA for FY 2025. According to OMB guidance, compliance with PIIA means that the agency met the following requirements, as appropriate (**Table 2**).

Table 2: MCC's Compliance with PIIA Requirements

PIIA Requirement		MCC Compliance
1a	Published payment integrity information with the AMR and in the accompanying materials to the AMR of the agency for the most recent FY in accordance with OMB guidance.	✓
1b	Posted the AMR and accompanying materials required under the guidance of OMB on the agency website.	✓
2a	Conducted IP risk assessments for each program with annual outlays greater than \$10,000,000 at least once in the last three years.	✓
2b	Adequately concluded whether the program is likely to make IPs and UPs above or below the statutory threshold.	✓
3	Published IP and UP estimates for programs susceptible to significant IPs and UPs in the accompanying materials to the AMR.	N/A
4	Published corrective action plans for each program for which an estimate above the statutory threshold was published in the accompanying materials to the AMR.	N/A
5a	Published an IP and UP reduction target for each program for which an estimate above the statutory threshold was published in the accompanying materials to the AMR.	N/A
5b	Demonstrated improvements to payment integrity or reached a tolerable IP and UP rate.	N/A
5c	Developed a plan to meet the IP and UP reduction targets.	N/A
6	Reported an IP and UP estimate of less than 10 percent for each program for which an estimate was published in the accompanying materials to the AMR.	N/A

Specifically, MCC was compliant with requirements 1 and 2. As a result of not identifying programs susceptible to significant IPs or as high priority programs, requirements 3 through 6 were not applicable to the agency for FY 2025.

We also reviewed MCC's risk assessment process and efforts in preventing and reducing IPs and UPs. We noted that MCC performed risk assessments in FY 2023 using criteria defined by OMB Circular A-123 and conformed to this guidance for preventing and reducing IPs and UPs.

During our review, we found MCC has completely and accurately reported payment recapture reporting information on PaymentAccuracy.gov (**Table 3**).

Table 3: MCC FY 2025 Information Reported in PaymentAccuracy.gov

Overpayment Recaptured outside of Recapture Audits		
Overpayment Amount Identified Through Recovery Activities (\$M)	Overpayment Amount Recovered Through Recovery Activities (\$M)	Recovery Activities Recovery Rate
\$3.34	\$0.01	0.30%

Conclusion

RMA concluded that MCC complied with PIIA for FY 2025. In addition to the compliance criteria, we reviewed MCC’s risk assessment process and efforts in preventing and reducing IPs and UPs. We noted that MCC performed risk assessments using criteria defined by OMB Circular A-123, Appendix C and conformed to OMB guidance for preventing and reducing IPs and UPs.

Management Comments

MCC management agreed with the conclusion of the report. Refer to Appendix B for the response.

Appendix A: Scope and Methodology of the Review

The scope of this review focused on the payment integrity section in MCC's FY 2025 AMR and tri-annual risk assessment to determine compliance with PIIA. The review was conducted from February 2026 through April 2026. To achieve the objective, RMA:

1. Reviewed the payment integrity section of the MCC's FY 2025 AMR and any accompanying material to assess the agency's compliance with PIIA and related OMB guidance.
2. Reviewed information on PaymentAccuracy.gov through the OMB Annual Data Call. The information collected through the Annual Data Call and published on PaymentAccuracy.gov is considered accompanying materials to the AMR.
3. Reviewed applicable Federal laws, OMB guidance, and agency policy and procedures.
4. Requested source data from the agency used to support applicable payment integrity information in the AMR and accompanying materials.
5. Analyzed the source data to ensure accuracy and completeness of payment integrity information in the AMR and accompanying materials.
6. Concluded whether the agency met each of the ten PIIA compliance requirements for the reported programs.
7. Identified and reviewed relevant prior work and evaluated whether MCC took appropriate corrective action to address findings and recommendations from prior engagements within the context of the objectives.
8. Evaluated the accuracy, completeness, and timeliness of IP risk assessments and whether appropriate conclusions were reached in determining if a program was likely to make IPs and/or UPs above or below statutory thresholds.
9. Obtained an understanding of MCC's internal controls in place for compiling, validating, and reporting the payment integrity information in the AMR and accompanying materials.
10. Assessed the risk of fraud occurring that was significant within the context of the objectives or that could affect the findings and conclusions.

SUBJECT: MCC's Management Response to the Draft Report, "MCC Complied in Fiscal Year 2025 with the Payment Integrity Information Act of 2019," dated June 16, 2026

The Millennium Challenge Corporation (MCC) appreciates the opportunity to review the Office of Inspector General (OIG)'s draft report titled, "MCC Complied in Fiscal Year 2025 with the Payment Integrity Information Act of 2019," dated June 16, 2026. MCC concurs with the conclusion of the report and confirmation of the agency's compliance with the Payment Integrity Information Act of 2019. MCC is proud that the report contained no recommendations.

If you have any questions, please contact Lori Giblin, Chief Risk Officer, at Giblinlm@mcc.gov.
