SUBJECT: Closeout Financial Audit of the MCC Resources Managed by OMCA-Togo Under the Agreement Between the Government of Togo and the United States of America, April 1, 2024, to April 17, 2026 (3-MCC-27-002-N)

This memorandum transmits the Financial Audit of the Millennium Challenge Corporation (MCC) resources managed by Organisme de Mise en Oeuvre du Millennium Challenge Account – Togo (OMCA-Togo) under the agreement between the Government of Togo and the United States of America, April 1, 2024, to April 17, 2026. OMCA-Togo contracted with the independent certified public accounting firm of Crowe TG Icaaf Sas (Crowe) to conduct the audit. Crowe stated that it performed its audit in accordance with U.S. Government Auditing Standards (GAGAS) issued by the Comptroller General of the United States. Crowe stated that it does not have a continuing education program fully satisfying the requirement set forth in GAGAS, and it did not have an external quality control review by an unaffiliated audit organization as required by GAGAS. Crowe is responsible for the enclosed report and the conclusions expressed in it. We do not express an opinion on OMCA-Togo's fund accountability statement; the effectiveness of its internal control; or its compliance with the award, laws, and regulations.[1]

The audit objectives were to (1) express an opinion on whether the fund accountability statement for the MCC-funded programs for the period audited, was presented fairly, in all material respects; (2) evaluate and obtain a sufficient understanding of the OMCA-Togo's internal controls related to the MCC funded programs; (3) determine whether OMCA-Togo complied, in all material respects, with agreement terms and applicable laws and regulations related to MCC-funded programs; and (4) determine whether OMCA-Togo had taken

corrective action on prior audit recommendations. To answer the audit objectives, Crowe: (1) examined the fund accountability statement for MCC-funded programs, including the budgeted amounts by category and major items, the revenues received from MCC for the period covered by the audit, and the costs reported by OMCA-Togo as incurred during that period; (2) reviewed OMCA-Togo's internal control structure related to MCC programs to understand the design of relevant control policies and procedures and whether those policies and procedures have been placed in operation; and (3) determined compliance with agreement terms and applicable laws and regulations related to related to MCC activities. Crowe examined costs of $13,328,652 for the period audited.

Crowe concluded that the fund accountability statement presents fairly, in all material respects, program revenues, costs incurred and reimbursed, assets and MCC's procurement technical assistance for the period then ended in accordance with the terms of the agreements. Crowe did not identify any material weaknesses in internal control. However, it did identify one significant deficiency in internal control. Although we are not making a recommendation for the significant deficiency noted in the report, we suggest that MCC determine if the recipient addressed the issue noted. Crowe did not identify any material instances of noncompliance. The audit firm determined that the recipient has partially implemented one prior audit recommendation. Crowe issued a management letter.

During our desk review, we identified one issue Crowe will need to address in future audit reports. We presented the issue in a memo to MCC, dated October 22, 2026.

OIG does not routinely distribute independent public accounting reports beyond the immediate addressees because a high percentage of these reports contain information restricted from release under the Trade Secrets Act, 18 U.S.C. 1905 and Freedom of Information Act Exemption Four, 5 U.S.C. 552(b)(4) ("commercial or financial information obtained from a person that is privileged or confidential"). In addition, USAID OIG has determined that this transmittal memo and the enclosed report are not subject to notification and reporting requirements under Section 5274 of the National Defense Authorization Act.[2]
