Independent Accountant's Report

We have reviewed the accompanying detailed accounting submission and performance summary report of the U.S. Agency for International Development (USAID) for the year ended September 30, 2016. USAID's management is responsible for the submission and summary report.

Our review was conducted in accordance with generally accepted government auditing standards. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on the detailed accounting submission and performance summary report. Accordingly, we do not express such an opinion.

USAID's management prepared the detailed accounting submission and performance summary report to comply with the requirements of the Office of National Drug Control Policy (ONDCP) Circular, "Accounting of Drug Control and Performance Summary," dated January 18, 2013.

Based on our review nothing came to our attention that caused us to believe that the detailed accounting submission and performance summary report for the year ended September 30, 2016, are not fairly stated, in all material respects, in conformity with the criteria set forth in the circular.

The obligation amounts in the submission come from USAID's financial systems. The amounts and measures for the summary report come from the full performance plan reports.

This report is intended solely for the information and use of USAID's Chief Financial Officer and ONDCP in meeting its statutory obligation to provide an accounting for the past year's drug control funds and reporting its performance. It is not intended to be and should not be used by anyone other than these parties.

Alvin Brown /s/
Deputy Assistant Inspector General for
Audit
